Message from **Chairman & Managing Director**

Barring our years of perseverance and endeavor, maintaining the highest global standards of quality, organization, productivity and customer service have certainly stationed us globally as one of the leading manufacturing companies. Our unwavering corporate policy is the cornerstone which has led to such triumph. With this optimism in our hearts and cheerfulness in our faces, we look forward to moving ahead, making a difference and changing lives.

With continuous support from our team and our diverse customers, we are confident that we will attain soaring heights. Our team will continue to emphasize on the commitment we have towards social responsibility. In conclusion, we would like to express our deepest gratitude to all our stakeholders, colleagues, bankers, customers, suppliers, advisors and other associates for their continued support, trust and cooperation. Also, to our colleagues on the board for their valuable inputs and time to time guided framework which has led the company towards sustainable growth in this ever-changing economic environment. As collectives we are committed to excel always.

Ketan Moolchand Shah
Chairman

Sangeet Ketan Shah
Managing Director

About Us

Simplex Castings Limited is a leading manufacturing organization in India, with a global presence. Established as a ferrous foundry, the company was converted into a private limited company in Mumbai, India, in 1980. In 1993, it was listed on the Bombay stock exchange and became a public limited company with shares held by public financial institutions. The company has since expanded its business presence with branch offices and sales agents in India and worldwide. With over 800 employees, the company has a diverse team with skills and abilities to meet any challenge in its field. The company's motto, "customer's delight," emphasizes building relationships with clients, staff, and stakeholders, aiming for successful outcomes.

Our Managing Director Featured as Panelist at MSME Defence Conclave 2025

Mission

Our aim to achieve customer satisfaction through innovation, superior technology, and excellence in manufacturing processes. We focus on sustainability, ethical business practices, and continuous improvement. We are a one-stop solution for all engineering component needs, specializing in eco-friendly products for various industries through casting, machining, and fabrication.

Vision

Maintaining the highest global standard and strive to be the client's first choice by counting on distinguished skills, innovation and competence.

Core Values

Quality : We are committed to deliver superior quality services and products to our clients globally. We engage exceptional talents and techniques with best-in-class quality standards in place with a team of cross functional professionals that have deep understanding in quality, design and development. As well as production works in sync with procurement of raw material to end results for our clients which is accompanied by an uncompromising quality check. We stay with our clients from the time the order entry is made to shipping the products. A regular follow up is done after the delivery is made. With the ever-expanding demand and expeditiously changing world, our employees are highly skilled to perform the given task and are very aware of the customers' requirements.

Teamwork : A highly trained cross - functional team comprising members from quality, development and production is available to make sure that the policies are adhered to. Not only the finished products, but the raw materials that are utilized for manufacturing, is examined thoroughly as well.

Integrity : We are sincere and trustworthy in our dealings as we believe in establishing a long - term relationship with the clients.

Official partners & representatives of

BEIJING SHOUGANG

NORTHERN HEAVY INDUSTRY

Simplex Castings Limited is the official partner and representative of **NHI** and **BSIET** in India. This strategic collaboration enables the integration of cutting-edge technology and world-class engineering solutions into the Indian industrial landscape. Our partnership reflects a shared commitment to innovation, quality, and delivering exceptional value to our clients

We also represents

**QIDONG METALLURGY &
MACHINERY**

**TANGSHAN GANDING
METALLURGICAL MACHINERY
MANUFACTURING Co. Ltd.**

Our Global Tech Partners

Technology Partner	Country	Area of Collaboration
UKRGYPROMEZ (UKG)	Ukraine	Sinter Plant Technology
Kawasaki Steel	Japan	Sinter Plant Technology
CMIEC / CERIS	China	Blast Furnace Technology
MISDI	China	Blast Furnace Technology
Tyazhpromexport (TPE)	Russia	Sinter & Blast Furnace Consortium Partner
SMS AG	Germany	Rolling Mills, Rail & Structure Mills, Hot Strip Mill
Hyundai Heavy Industries	Korea	Blast Furnace Technology

Pioneering Feats of the Company

- To export steel plant equipment's to Russia.
- To enter a tech tie-up with Tyazhprom export Russia for turnkey projects in India.
- To bring Japanese technology of sinter plant in India for SAIL-Bhilai Steel Plant for complete sinter plant III on a turnkey contract basis in consortium with Mitsui, Kawasaki, and Hitachi Zosen of Japan.
- To install on a turnkey basis, a Mini Blast Furnace of 350 Cubs. Mt. for Southern Iron Steel Company at Salem (India) with Chinese Technology.
- To design, engineer, and supply equipment for a hot rolling Stackle mill for Salem Steel Plant as per SMS/Germany's design.
- To manufacturing sucker rod pumping units for oil & gas for ONGC, India.

Import Substitution Product

- **Mud gun and a tap hole drilling** machine for blast furnaces.
To develop **Ballistic Grade castings** for the Turret of war tanks.
- To develop **emission-free (zero leak or blue sky)** doors for coke oven batteries with Japanese technology.
- To supply **mechanical equipment** for cold rolling mills to roadmaster industries.
- To develop critical castings of **S.G. iron pellets** for sinter plants.
- To develop SRP and land rigs for the **oil and gas industries**.
- To develop critical castings of **S.G. iron pellets** for sinter plants.
- To commission the slag granulation plant for the **SAIL-Bhilai Steel Plant**.

Our Presence Across India

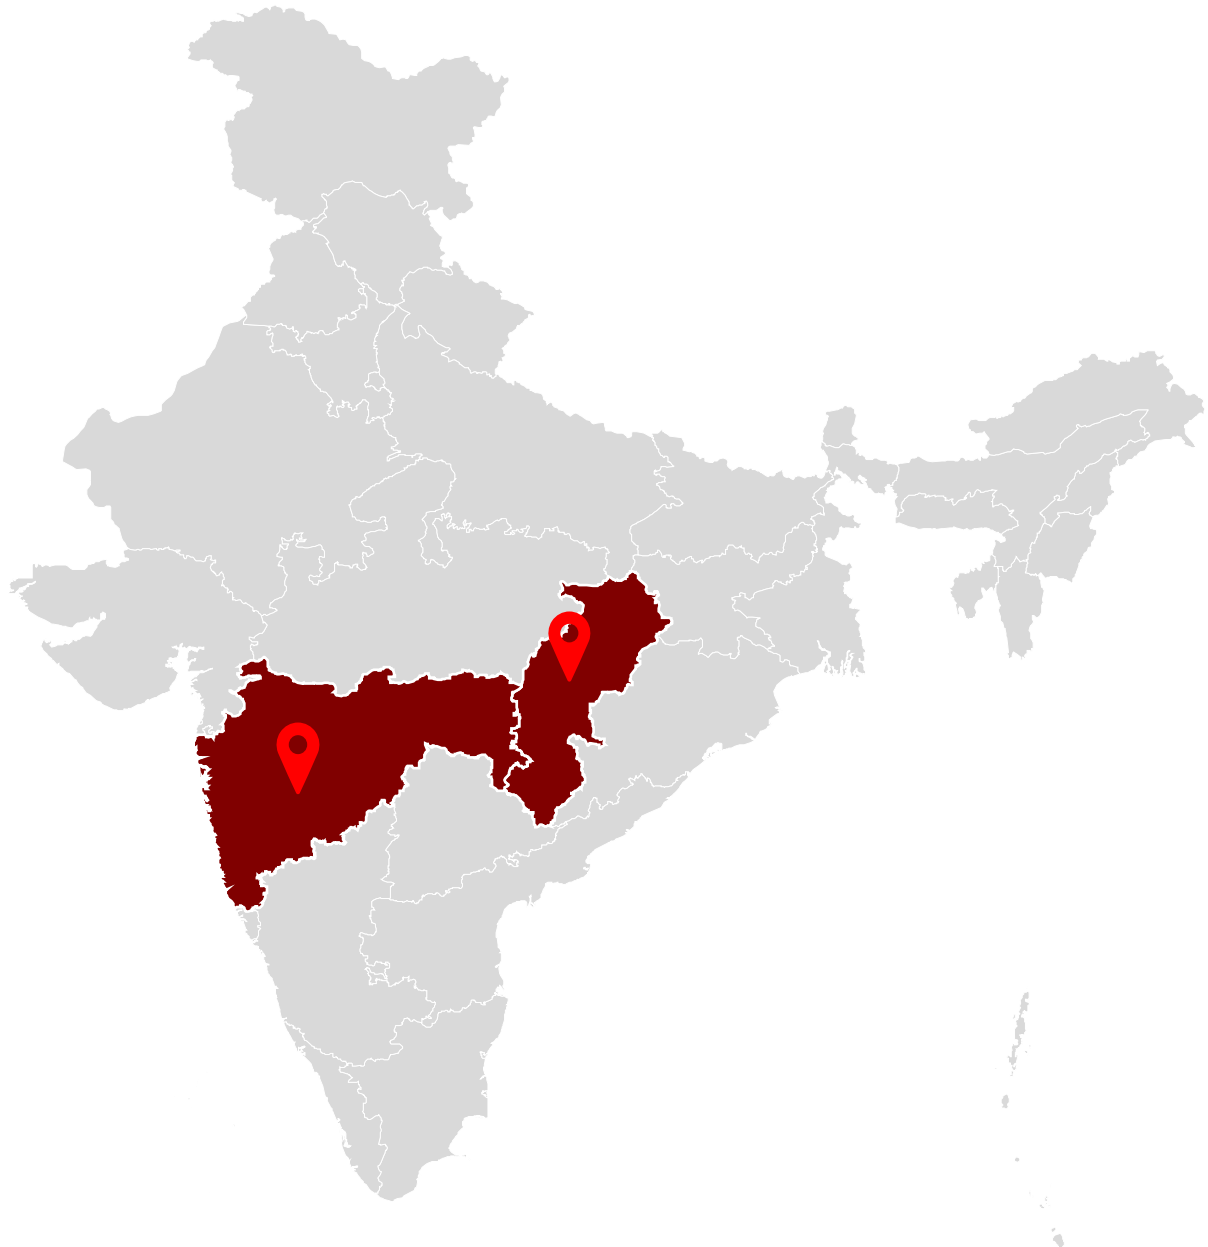

Chhattisgarh: Simplex Castings Limited operates **three manufacturing units** strategically located in the central Indian state of Chhattisgarh, one of the country's most mineral-rich and industrially developed states. The Company's manufacturing facilities are located at Bhilai and Tedesara, providing a strong industrial base and access to the region's established infrastructure and resources.

Unit 1 – 5A, Industrial Estate, Bhilai, District Durg, Chhattisgarh, 490026, India

Unit 2 – Plot No. 17, Rail Park, Hathkhoj, Chhawani, Bhilai, District Durg, Chhattisgarh, 490025, India

Unit 3 – 223/2, 224, Industrial Estate, Tedesara, District Rajnandgaon, Chhattisgarh, 491441, India

Registered/Corporate Office: Plot No. 32, Shivnath Complex, G.E. Road, Supela, Bhilai, District Durg, Chhattisgarh, 490023, India

Infrastructure Blueprint

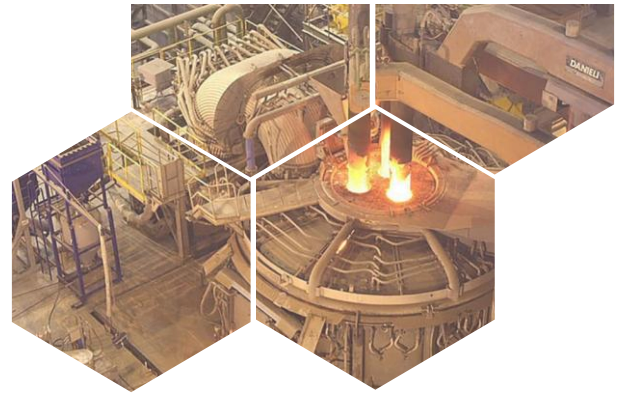

Foundry division

Capacity: 21000+ MTPA

Grey iron foundry having Electric arc, Induction & Cupola furnaces. The foundry specializes for producing various grades heavy grey iron castings up to **65 MT single piece** a ductile iron up to **16 MT single piece** & steel casting up to **5 MT single piece**.

Foundry Facilities

Electric Arc Furnace **5 MT/hr. (2.5MVA)**

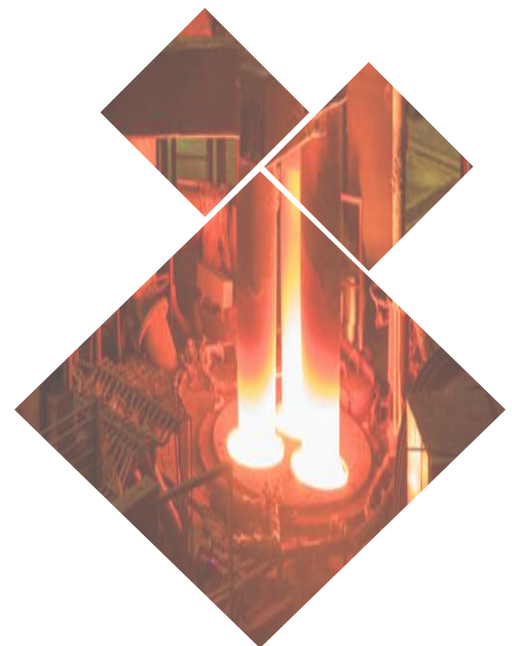

Simplex is equipped with an electric arc furnace of capacity 5 MT. With electric arc furnace simplex is capable manufacturing the CASNUB bogie which is used by various types of freight wagons in Indian railways, such as BOXN, BOBR, BCN, BOBRN, BCNA, BOBY, BRN, BOBYN, BTPN, BFK, and BTPGLN.

Induction Furnace **8 MT/hr. & 3 MT/hr.**

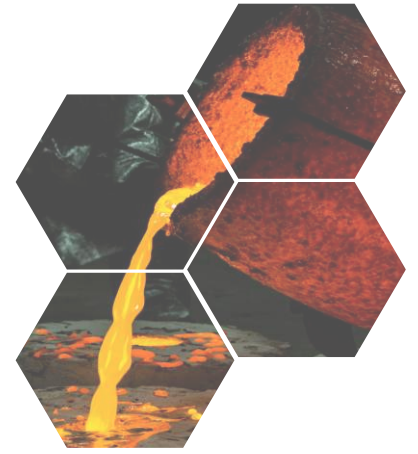

Simplex is equipped with 2 nos. of induction furnace capacity of 8 MT/hr. and 3 MT/hr.

Cupola Furnace **15 MT/hr. & 6 MT/hr.**

Also, Simplex is equipped with 2 nos. of Cupola furnace capacity of 15 MT/hr. & 6 MT/hr.

Foundry Facilities

Other Facilities

1. Hot metal receiver-35 MT
2. Tea pot pouring ladle-20, 15, 4, 3 and 1 MT
3. Lip pouring ladle-10, 4, & 1 MT
4. Bottom pouring ladle- 4, 3 & 2.5 MT
5. Machine molding ARPA 1300- box size 1mtr x 1mtr
6. Sand plant- 20 MT
7. Sand dryer
8. Heat treatment furnace 30 & 50 MT
9. Oil fired bogie hearth furn. – 8mtr x 2.2mtr x 2.2mtr
10. Shot blasting – 500kgs capacity
11. In-house pattern shop
12. EOT cranes- up to 70 MT

Laboratory Facilities

Chemical Testing

1. Spectrometer 24 Channel
2. Wet analysis laboratory

Mechanical Testing

1. Universal testing machine
2. Impact testing Machine

Non-Destructive Testing

1. UT, MTI, TT in house
2. Digital Brinell hardness testing machine.

Infrastructure of Machine Shop

SCL has a large machine shop equipped with more than 100 machine tools, including CNC machines. Among them is an automatic floor-type traveling column milling center with Heidenhain CNC control.

This advanced machine features a longitudinal transverse "X" axis of 10000 mm, a vertical transverse "Y" axis of 2800 mm, and a cross transverse "Z" axis of 1800 mm, enabling finish machining of complex jobs with high speed, precision, and zero tolerance.

Bonnet Volvosider- Italy

Slab Caster for BSP

Machine Shop Facilities

Bhilai Plant:-

Our Bhilai plant is equipped with **world-class machining facilities** to handle **heavy engineering components up to 30 tons** with precision.

◆ CNC Capabilities

Vertical Turning Centre (VTC) – up to 4,500 mm dia.
Floor-Type Horizontal Boring (3 & 5 Axis).
CNC Vertical Milling Centers for high-accuracy jobs.

◆ Milling Facilities

Multiple Plano Millers & High-Speed Planers.
Vertical & Universal Milling Machines.
Custom setups for specialized operations.

◆ Boring Facilities

Vertical Boring Machines: 1.0 m to 5.3 m dia.
Horizontal Boring with spindles up to 175 mm.

◆ Lathe Facilities

Wide range of Centre & Turnmaster Lathes.
Heavy-duty turning for large cylindrical components.

◆ Additional Equipment

Radial & Heavy-Duty Drilling Machines.
Circular & Power Saws.
Thread Cutting Machines for precision finishing.

Machine Shop Facilities

Tedesara Plant:-

Factory Area:

Total 60,171 sq.m (48,873 sq.m open yard, 8,352 sq.m covered, 2,946 sq.m office). Adequate storage and warehouse available.

Shops & Facilities:

Fabrication, Machine, Assembly, Painting/Packing Shops with multiple E.O.T. cranes (5T to 50T capacity). Max dispatch size: 11.5m (L) × 4.8m (W) × 5.3m (H) up to 50T.

Material Capability: Can process plates from 1.6mm stainless steel up to 150mm carbon steel. Grades: IS 2062 (E250–E450), SA 516 Gr 60/70, SS plates ASTM-240 etc.

Major Facilities:-

Cutting: 15 pug machines, CNC plasma cutting (3500 × 16000 mm).

Bending/Forming: Plate bending up to 63mm thickness & 3m width.

Welding: 20 manual, 25 MIG, 1 TIG, 2 SAW units.

Blasting: Grid blasting (12 × 6 × 6m), shot blasting hanger type.

Heat Treatment: Stress relieving furnace (7.2 × 6 × 4.5m, 50T).

Painting/Coating: Spray/brush/roller, NACE standards.

Machines & Equipment:

CNC milling (1m × 1m), CNC boring (10m × 3.6m × 1.6m, 30T load), CNC lathe (300mm × 3m), CNC vertical lathe (6m dia × 3.6m height). 3 hydraulic presses (250T–400T), hardness tester, drilling machines, plasma cutting, compressors, diesel generator 250 KVA, grinders, welding rectifiers, gas cutting sets etc.

Infrastructure Blueprint

Heavy Fabrication Division

Capacity: 15000+ MTPA

Additional Capacity: 12000+ MTPA

With the ability to produce up to 80 MT in a single piece, Simplex Castings Limited is a prominent metal fabricator of heavy engineering spares and technology equipment. It has the capacity to handle 250 MT of equipment and 1000 MT of structural fabrication per month thanks to its large CNC bore machines, stress-relieving furnace, and testing facilities.

RDSO APPROVED SHOP FOR RAIL BRIDGES & GIRDERS

Fabrication Facilities

1. Press, bending & forming:

- Folding: 8mm to 10mm
- Plate bending machine: up to 63mm, 3mtr wide
- Pipe bending up to dia. 60mm
- Hydraulic press: 400 MT
- Punching

2. Material handling: up to 80 MT.

3. CNC horizontal and boring machine.

4. CNC horizontal lathe machine.

5. Drilling machine

6. Assembly and testing lines.

7. CNC plasma & OXY.

8. Pug cutting machine.

9. Manual welding, SAW, TIG and MIG STUD welding.

10. Heat treatment facility.

11. Grit blasting

12. Sand blasting.

"We also have a variety of machines that are ideal for progressive working, including those on the list above."

Quality Policy

Simplex Castings Ltd. is dedicated to producing and supplying grey iron, ductile iron, steel, and alloy steel castings and fabrications in various conditions to meet customer requirements. The company ensures that its employees are aware of customer requirements and are adequately trained to fulfill their obligations. The company's quality objectives are established in line with its policy, which is reviewed and updated, as necessary.

To ensure high-quality castings, the company conducts a high-precision quality control procedure for raw material, mixed sand, molds, core making, liquid metal, and the final product. Radiography tests are also performed as per customer request. A cross-functional team from quality, development, and production continuously monitors adherence to the quality assurance plan (QAP).

Share Graph

Simplex Castings Limited, a pioneer in heavy engineering and precision casting solutions, is proudly listed on the **BSE**, symbolizing its long-standing presence and trust in the Indian industrial landscape. The company has maintained steady investor interest due to its role in critical sectors such as **power, steel, cement, and railways**.

The company's turnover for the last five financial years (₹ in Lakhs) is as follows: 9,183.85, 11,660.58, 12,213.05, 17,188.36, and 20,290.29.

Subject: Fabrication approval intimation - reg.

Dear Sir/Madam,

We are glad to inform you that your concern, is approved for the following at Outsourcing/BHEL, Trichy.

- OSRBLAST (BLASTING AND PAINTING), OSBGF (GENERAL FABRICATION, STAIRS AND DUCT ASSEMBLY),
- OVMAWFB (FULLY BOLTED - AUTOWELDED BEAMS, BRACINGS AND BUCKSTAYS),
- OVMAWSTR (AUTOWELDED BEAMS AND BUCKSTAYS (WITH VENDOR MATERIAL)),
- OVMDUCT (DUCTS ASSEMBLY (WITH VENDOR MATERIAL)),
- OVMDUCTAW (DUCTS ASSEMBLY, AUTOWELDED BEAMS AND BUCKSTAYS),
- OVMGF (GENERAL FABRICATION, STAIRS, OVMCOLUM (COLUMN (WITH VENDOR MATERIAL)),
- OVMCOLUM (COLUMN (WITH VENDOR MATERIAL)),
- OSBGF (GENERAL FABRICATION, STAIRS AND DUCT ASSEMBLY),
- OVMCLEFB (FULLY BOLTED - COLUMNS),
- OVMCGB (CEILING GIRDER (WITH VENDOR MATERIAL)) and
- OVMCGBF (FULLY BOLTED CEILING GIRDERS AND SCR GIRDERS).

The above approval is subject to the following:

1. Please note that this approval does not guarantee for award of any contract / order for the supply of items.
2. This approval does neither confer on the subcontractor any right to demand mailing of enquiries nor is BHEL obliged to contact the Subcontractor for any of the requirement for the items registered.
3. This approval will be in force as per the SDC/Outsourcing procedures and other extant BHEL guidelines.
4. Other general conditions as per policy are:
 - a) Rate contract enquiries/other enquiries will be sent to you along with other registered vendors for the applicable rate schedules / other items. If your offer is found to be competitive, orders would be placed on you as per terms & conditions in effect. If you fail to respond to four consecutive tender enquiries, your name will be deleted from our subcontractor directory.
 - b) Your performance will be monitored on quality and delivery of the product as well as service rating, which includes response and readiness in emergency.
 - c) Performance rating will be done for every P.O. and during the course of execution of our orders. If the performance is found to be not satisfactory, we will be constrained to suspend business dealings with you as per extant BHEL guidelines.
5. Any change in the product range, location of works site, office, management /organizational structure etc. should be intimated to us as and when it arises.
6. We retain the right to review and cancel your requirements as per company guidelines without any liability on our part.
7. Submission of requisite documents like BG and others at the time of signing of rate contract/tenders shall have to be complied with.

(Formerly Infomerics Valuation And Rating Pvt. Ltd.)

Mr. Ketan Moolchand Shah
Director
Simplex Castings Limited
601/602A, Fair link Centre Off Andheri Link Road,
Andheri (West), Mumbai-400053

September 08, 2026

Dear Sir,

Credit rating for bank facilities

After taking into account all the relevant recent developments including operational and financial performance of your company for FY26(Audited) and Q1FY27(Audited),

1. Our Rating Committee has reviewed the following ratings:

Total Bank Loan Facilities Rated	Rs. 72.00 Crore	Regulator*
Long Term Rating	IVR BBB/Stable (Rating upgraded)	RBI
Short Term Rating	IVR A3+ (Rating upgraded)	RBI

*Kindly note that for activities or instruments falling under the purview of FSRs other than SEBI, the grievance/dispute redressal mechanisms and investor protection mechanisms provided by SEBI shall not be available.

2. Details of the rated facilities are provided in Annexure I and list of activities / instruments and names of regulators are given in Annexure II.

3. For rating symbols for long term and short-term rating, definitions, criteria, methodologies and appeal policy please refer to our website www.infomerics.com

4. The press release for the rating(s) will be communicated to you shortly.

5. The above rating is normally valid for a period of one year from the date of the rating committee (that is September 06, 2027).

6. If the proposed long term / short term facility (if any) is not availed within a period of six months / three months respectively from the date of this letter, then the rating may please be revaluated from us before availing the facility.

7. INFOMERICS reserves the right to undertake a surveillance/review of the rating(s) from time to time, based on circumstances warranting such review, subject to at least one such review/surveillance every year.
